DONNA

SUSIE

This perky woman has done more than you ever imagined possible. Pieces of serene beauty have enraptured Susie's soul and taught her that the good life requires a lot of care and attention. She, too, does a good man and she is looking for one on a fulltime basis. His life will be a rich one, filled with the treasures of her love.

TRACETTE

When Spring blossoms unfold, the air fills with perfume and colors that stimulate all our senses. With the help of the romantic sensations of jealousy, Tracette enchants by the beauty of this woman, poised, soft, confident of the powers of her charm. Summer seems to promise a lot of heat.

DONNA

Outdoors, under the sun, sweetly feeling the trickle of moisture running down her body, this sensuous woman dances to a lively music, orchestrating her limbs for love. Donna has a strong man who can control the passions of his body and direct them through the imagination of a well-developed mind.

YOLANDA

Remember moonlight swim in the lake back home? There was never a time to be found as your body warmed by the water, few heavy on your skin. With a smile as beautiful as this, who would be forced of a towel, or a campfire to find warmth once again? The fire in her eyes could make a cold man sweat.

LIZ

Flowers reflect the surface beauty of the lovely woman. Beneath the velvet softness of her skin and the richness of her fleshiness, however, there lies a fertile seed. Liz is rooted in a down-home reality, caring deeply for all who are near her, cooking with love and sipping her elixir.

HONEY

Honey will always draw bees close to the hive. Be prepared to get stung by the softness of the gorgeous lady, and also be ready to deal with the drowsy who always surrounds her, sipping her nectar and offering her devotion. She enjoys attention but lavishes her affections on a select few, giving up her sweet nectar.

BERTHA

Starry nights, warm breezes, a book of poems read aloud in whispered dreams are the parts that make this woman whole. If you want to love her body, first you must love her mind. She holds a thousand delights in her thoughts and will make you wild with desire as she holds you in her strong but tender, caressing arms.

RIVONNE

Since she was very small, Rivonne has been big on wormholes. She likes to talk and the men like tones of her voice more than listen to her. She's blunt and leads a partner who can get quick with his answers, not who can give her lots of details. Men find delight at the tip of her tongue.
